## QIPP Submission 2025 / 2026

QIPP Submission Status: Submitted | QIPP Report Submission Status: Report Not Submitted

19FL0657 Chrysalis Afterschool (Standalone School Age Childcare Service (SAC))

### 6. Programme of Activities

#### 6-1. We will undertake the following Quality and Inclusion Actions:

We will review, update and document our Afterschool Programme, from arrival into the service from school to programme end time at 6.25pm. This programme will be a flexible plan and not a fixed routine meeting the needs of our children whilst offering a secure environment, developing their independence and offering fun and engaging activities.

During November 2025 we will document our afterschool schedule with outline transition times, covering the following:

- Healthy eating / Nutrition / menu review
- Health & Safety
- Homework
- Activities, Games (indoor & outdoor) & Materials (creating lists of games and activities)
- Relaxation & chill time

During the period October 2025 to December 2025 will have all afterschool children working together on a group project, helping to create a Christmas tree which will go on display at a local Christmas fair. This tree will symbolise what Chrysalis represents as a centre of learning, play and friendships in our Montessori preschool and Afterschool. Many of our afterschool children have come through the Montessori curriculum in their time in Chrysalis Montessori as preschool children.

We will also focus on staff training, identifying needs through staff evaluations. (November 2025 – January 2026)

We will refer to the Nurturing skills website and Canavan Byrne for School Age Staff training webinars

#### 6-2. The Quality and Inclusion Actions we have identified will require the review and development of certain policies, procedures and statements?

No

#### 6-3. We have identified possible challenges or risks to achieving our identified Quality and Inclusion Actions?

No

#### 6-4. We have identified who within our service will be responsible for ensuring our identified Quality and Inclusion Actions are progressed and achieved?

Yes

#### 6-6. In progressing our identified Quality and Inclusion Actions we will:

Seek support

##### 6-6-1. We will seek support from the following:

City/County Childcare Committee
